ACCESS & SECURITY MIDDLE EAST

Datasheet – Power Supply Unit with Cabinet 12V 5A without battery - MODEL: PS5A

CE FC RoHS

The PSU is self-protected against overload, over charge and wrong polarity, etc. If the load short-circuits, the power supply will halt output, and continue to work automatically when the short-circuit is settled.

Key Features

Input: AC190-265V 50-60Hz

Output: DC12V+-15%

Output current: Max 5A

Storage battery: 12V/7AH

Output Short protection.

Output Overcurrent protection.

Output Overvoltage protection.

1-year Warranty against defects in material and workmanship.

EU CE certification.

Notes:

- Product weight and dimensions are subject to change without prior notice.
- Please read the user manual before use.
